## Erasmus for Young Entrepreneurs

**New Entrepreneur NAME AND COUNTRY** Isabella Costa, Italy

Age: 26 years

Company NAME

Sector: Architecture

***My Erasmus for Young Entrepreneurs period has been very positive. I learnt a lot within the working environment, even if only for three months. I realised how an architecture office can really function, the dynamics, the organisation, the bureaucracy. I had the opportunity to interface with different projects, at different stages of progress, an opportunity I had not had before and which allowed me to deepen my knowledge of this profession in the practical, but also in the theoretical field.***

### Host Entrepreneur NAME AND COUNTRY

Age: 40 years

Company NAME Arquitectura-G

Sector: Architecture

*Isabella has had an impeccable attitude during her time with us in the office. She has been working on projects of different nature and scale, also at different levels of development, and she has always been committed to the assigned tasks. She has been friendly with the rest of the team and she has been improving her teamwork skills as time has gone on and she was more familiar with our studio's working environment. She has contributed to the projects in a very positive way and we hope she has learnt useful tools for her future.*

## Erasmus for Young Entrepreneurs

During this course I was able to see different projects, some already under construction, others about to start, which enriched me a lot from a professional point of view. I liked the way they work in this studio, through the large-scale models studying the building, designing it and reviewing it. I can say that I gained extra experience after these three months, which gave me a lot of work.
